In the case of an earthquake, bomb threat, chemical spill, fire or other unforeseen emergency, it is the supplies that you have immediately on hand that will greatly influence how well you will survive. If you have the proper supplies you will have confidence and the ability to respond appropriately to your challenges.

Every individual, school and office should have a cache of emergency supplies that can be quickly accessed to preserve the safety of students and staff.

For additional information, see Ref. Guide 802, School Site Emergency/ Disaster Supplies, issued by OEHS, dated 2/5/04. You may also call the Office of Emergency Services at **213 241 3889** or **213 241 3949**, or visit <http://www.lausd-oehs.org/emergencyservices> to find copies of District guidelines, view videos and find additional information.

Be Prepared.
