725-78-00227
\$10.99/each

Emergency Managers know that it is what you do BEFORE the emergency that makes the difference between being a victim and being a survivor.

Our students depend on us to be ready and part of being ready is having the supplies we will need when the emergency happens. Schools can use this flyer and REF-5105 School Site Emergency/Disaster Supplies dated May 18, 2010 to select the supplies that they will need to serve our students during a disaster or local emergency.

These supplies will help schools respond to the challenges posed by lockdowns, utility failures, storms and earthquakes.

Schools can receive additional support and information from the Office of Emergency Services at 213 241 3889 or emergencyservices@lausd.net.

For the CLASSROOM TEACHER:

Hand Cleaner - "FOR STAFF ONLY"
